Again repeating the first letter for some reason!

Declaration

This thesis has not previously been accepted for any degree and is not being concurrently submitted in candidature for any degree other than Doctor of Philosophy of the University of York. This thesis is the result of my own investigations, except where otherwise stated. All other sources are acknowledged by explicit references.

You can add some stuff here but you don't have to if you haven't got anything you need to specifically declare

Chapter 1

Introduction

This is an example of a chapter

1.1 Example of a section

This is an example of a section.

This is an example of how to reference (Shaw et al., 2016).

This is an example of how to place a figure in the text.

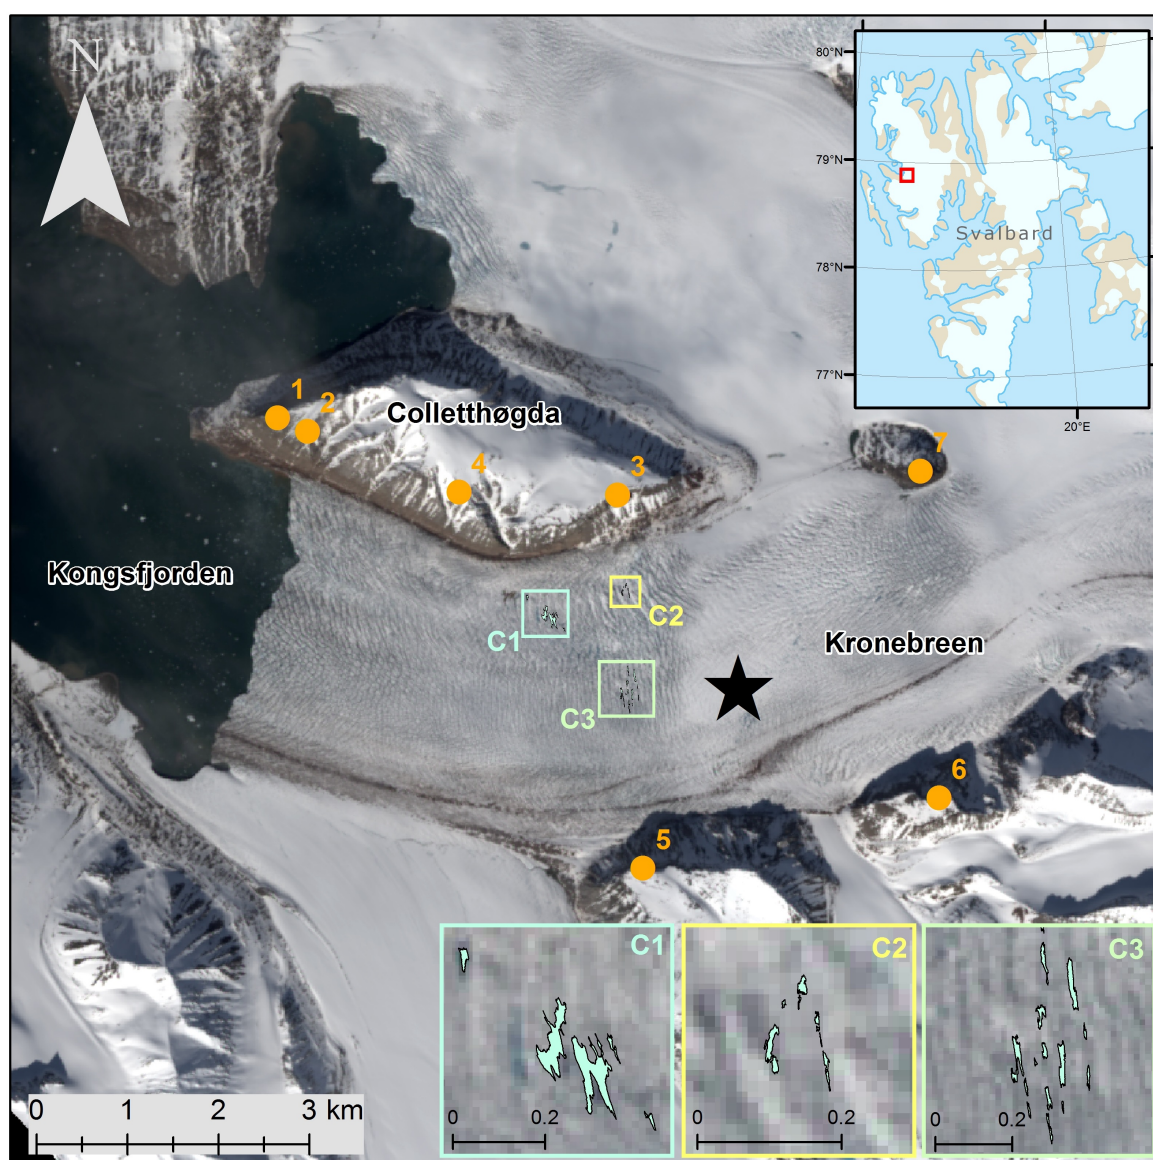

Figure 1.1: Long description of Glacier by Penny (How et al., 2017)

Chapter 2

Another chapter

This is an example of another chapter. Much like 1
